DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph P. Carrier on June 4, 2004.

2. The specification has been amended as follows:

On page 21, at the end of line 6, insert the following: As shown, the semiconductor laser 51 is disposed at a nonlinear angle to the optical axis of the laser medium 53.

Allowable Subject Matter

3. Claims 1-3, 6-10, 13, 14, and 17-19 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach some of the limitations found in independent claims 1, 2, 7, 10, 14, and 18. With respect to independent claims 1 and 18, DeFreez et al '642 fails to teach or suggest pumping laser light having a core axis which forms a predetermined non-linear angle with respect to the optical axis of the laser medium. With respect to independent claim 2,

Art Unit: 2828

DeFreez fails to teach or suggest a system in which an optical axis of the semiconductor laser and an optical axis of the concave mirror do not coincide. With respect to independent claims 7 and 10, DeFreez fails to teach or suggest "setting angle adjusting means." With respect to independent claim 14, DeFreez fails to teach or suggest a cross-section of the laser light having an elongated shape flattened to be shorter in the direction of the flow path and longer in the direction perpendicular to the flow path. Therefore, independent claims 1, 2, 7, 10, 14, and 18, as well as all dependent claims, are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
